File Upload

This Feature allows CTC members to be able to attach backup documentation to a project, including a Maps, Drawings, and Tables etc. The maximum attached file size is 50 MB and a project can have multiple files at a time and can save two files in one time.

Scroll down the create Cost page to attach a file to the project.

Does not update Project Total Cost

Choose Files To Upload:  Max File Size: 50MB

Notes

File 1 Title

File 2 Title

Enter file title as needed.

Once file uploaded, filename and info would display here.

Click <Browse> button to select a file to be uploaded/attached.

Enter notes as needed.

Choose Files To Upload:  Max File Size: 50MB

Notes

File 1 Title

File 2 Title

Able to upload 2-file at a time.

Exit Save

Click Save to save the file added. To view the files associated with a particular project, On the **Search Page** find the Project and click on the attachment column.

Search Page

Click on search page, select the search criteria and click go to view the search results, if any

Search / Update Projects

Search is performed on the following fields: Project ID, Project Description, PPNO#, Source, Lead Agency, System, then click on the Go button. To sort click on column header. Click header twice to change sort direction.
